Had an absolutely fantastic time in Paleo with Rhea the perfect place to stay, far exceeding our expectations. Big spacious rooms, clean , well furnished and well kept during our stay.Apologies for people staying in No 1 if the cats bother you but we did become very attached to them!The kitten we' ve named "Paleo" and he does answer to that name.You must go on the "blazing saddles" trip it' s fantastic, we went twice, Sally and mark are lovely people and the horses are well cared for, they do appreciate if you take some apples for the horses! Will definitely come back and stay at the Rhea

This has been our second visit to Rhea studios having been here in June last year. We loved the

place so much and its easier the second time around. We know where everything is. The studios are still beautifully well kept and very peaceful that's what we care for, a bit peace and quite. Having said that we did a couple of late nights in the Moody Blue! Our favorite places to eat are the Belvedere and the Andama but every meal for two weeks has been good Paleo seems to be a place with high standards—love it. Enjoy your too!!!!!!!!!!!!!!

Enjoyed our stay at Rhea very much, it has been very friendly place to stay. Paleo itself is a perfect place if you don't want it too lively. The views are fantastic everywhere you look, and if you can, get a scooter and go up in the hills where the scenery is truly breathtaking.

Loved having breakfast and frosty coffee at Petrino and cocktails and the beach bar, good music both venues. We hope to come back soon
